

Junior Front End Developer

Atena (Afagh) Razmpoush | Vancouver, BC

Personal Statement

My priority as a Front-End Developer is to apply my programming skills to design the best possible solution for both clients and company. From my business and hospitality experiences, I bring the ability to communicate with customers and collaborate with coworkers. I love to share ideas, grow from feedback, and learn new skills.

Skills

- Languages: HTML5, CSS3, JavaScript, PHP, MySQL, Microsoft SQL Server
- Frameworks & Libraries: React, Bootstrap, Laravel, Angular, Vue, jQuery
- Tools & Open-sources: Figma, Photoshop, FileZilla, GitHub
- Speaking English, Persian and Armenian
- Soft Skills: problem solving, quick learning, critical thinking, team playing, being a natural leader with excellent communication and negotiation skills

Canadian Work Experience

Freelance Zoom Moderator | Jan 2021 – Present | Vancouver, Canada

- Responded to participant technical problems as they arose
- Managed the polls and breakout room features
- Supported participants that were triggered by the training material

Fashion Associate in Plum & Caposhie Clothing Store | Mar 2019 - Feb 2020 | Vancouver, Canada

- Collaborated with more than 20 customers per day with a diversity of age range from 16 to over 70 years old

- Learned the core values of the company, the characteristics and fabrics of the products to confidently interact with customers and market our products
- Investigated customers' needs and the occasion they were shopping for, their appearance features and age to offer the best options in the store

Projects

React ToDoApp | Dec 2019 - Feb 2010 | Vancouver, Canada

- Assessed client needs, priorities and business goals which resulted to using WordPress, Elementor plugin, and some CSS to make a single page web application
- Collaborated with a professional photographer to shoot the pictures at the work site, and chose the ones which could deliver the impression of "welcoming professional customer service"

React Dental App | Dec 2019 - Feb 2010 | Vancouver, Canada

- Assessed client needs, priorities and business goals which resulted to using WordPress, Elementor plugin, and some CSS to make a single page web application
- Collaborated with a professional photographer to shoot the pictures at the work site, and chose the ones which could deliver the impression of "welcoming professional customer service"

PHP chatting application with WebSoket | Dec 2019 - Feb 2010 | Vancouver, Canada

- Assessed client needs, priorities and business goals which resulted to using WordPress, Elementor plugin, and some CSS to make a single page web application
- Collaborated with a professional photographer to shoot the pictures at the work site, and chose the ones which could deliver the impression of "welcoming professional customer service"

A SPA for Boulevard Dry Cleaners | Dec 2019 - Feb 2010 | Vancouver, Canada

- Assessed client needs, priorities and business goals which resulted to using WordPress, Elementor plugin, and some CSS to make a single page web application
- Collaborated with a professional photographer to shoot the pictures at the work site, and chose the ones which could deliver the impression of "welcoming professional customer service"
- Provided the content and the design of the website, bolding the "eco-friendly attitude" as the owner's core business value

- Published the website hosted on Bluehost under “boulevarddrycleaners.com domain, and maintained the website by taking care of the plugin updates, content updates, hosting and domain renewal
